e-Transfer Guide

Sending e-Transfers

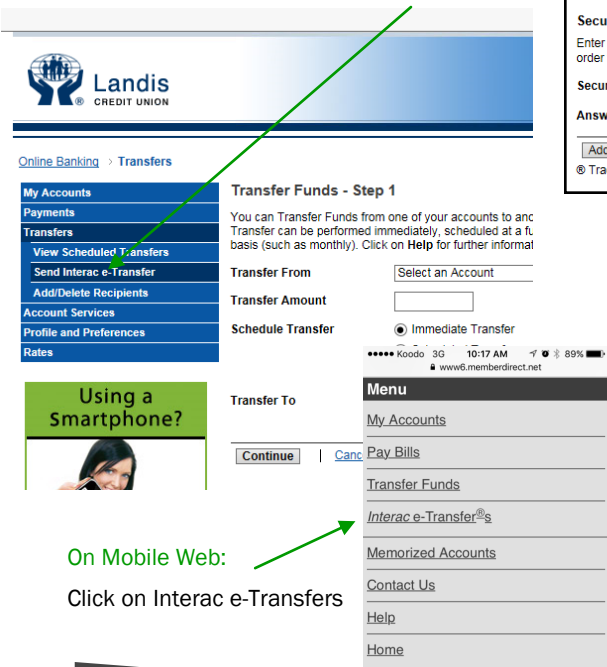

Before sending the transfer you will need to know a few things:

- Who are you sending money to and what is their email or cell phone number?
- What security question will you use?

To get started login to online banking.

On the Computer:

Click on *Transfers*, then *Send Interac e-Transfer*.

On Mobile Web:

Click on *Interac e-Transfers*

Setting-up Profile

When you send/receive an e-Transfer for the first time, you will be prompted to set up your profile. This will include your name, email, cell phone number, and your notification preference.

Adding Recipients

Security Information
Enter a security question and a one-word answer. The recipient must answer in order to receive your Interac e-Transfer®.

Security Question:

Answer:

|

© Trade-mark of Interac Inc. Used under license.

The first time you send money to someone, you will need to set up the recipient.

On the Computer: click on *Send Interac e-Transfer* and then *Add/Delete Recipients*.

On Mobile Web: click on *Interac e-Transfers* and then *Recipients*.

You then fill in the information for the recipient. The security question will be sent along with the e-Transfer and the recipient will need to provide the correct answer before accepting the money.

Sending an e-Transfer

Once you have your profile and recipient set up, you are ready to send the transfer.

On the Computer: click on *Send Interac e-Transfer* and then fill in

Send Interac e-Transfer®
